Vote for Your Favorite Haunted Attraction!

Halloween means costumes, horror movies, haunted houses, and a celebration of all things scary. 'Tis the season for terror, and 10Best is on a mission to find the best haunted attractions in the U.S. These 20 haunted houses, selected by 10Best Local Experts and the [Haunted Attraction Association](#), offer the best actors, set designs, special effects and value for money out there. "While Halloween will always

have all the traditional haunted houses, hayrides and other favorites, we are seeing more and more attractions offer some level of interactivity for guests and an increase in personal experiences that get customers more involved in their events," says John R. Eslich, President of the Haunted Attraction Association, on what's trending in 2016. "Specifically, we are seeing new products such as laser tag within attractions and an explosion of problem solving and scavenger hunting activities." You have until Monday, September 26 at noon ET to vote for your favorite, and you can vote once per day. Read the official Readers' Choice rules [here](#).
